PROFESSIONAL SUMMARY

Full-stack MERN developer with hands-on experience building scalable and responsive web applications using React, Node.js, Express, MongoDB, and PostgreSQL. Skilled in developing RESTful APIs, implementing authentication, and designing efficient database schemas. Experienced in building end-to-end features with clean code and modern development practices.

EDUCATION

Bachelor of Computer Applications (BCA)   2021 – 2024
Acharya Institute of Graduate Studies - 80%   Bengaluru, Karnataka

INTERNSHIP EXPERIENCE

MERN Stack Development, Techolas Technologies   05/2025 – 12/2025
- Built **5+ reusable React components**, cutting frontend development time by **15%**.   Kochi,Kerala
- Contributed to **10+ API endpoints** with Node.js/Express, reducing backend response times by **30%**.
- Collaborated with a team of 5 using Git for version control.

Java Full Stack Development, Cranes Varsity   03/2024 – 04/2024
- Developed **3 mini-projects** with Java Spring Boot and MySQL, applying MVC design patterns.   Bengaluru, Karnataka
- Improved database query performance by **20%** through optimized schema design.
- Worked in a team environment, simulating real-world agile sprints.

PROJECTS

Famazon, Node, Express, MongoDB, React
- Built a responsive e-commerce platform handling **80+ products**, with search, filters, and cart features improving user task speed by **40%**.
- Implemented secure authenticationand optimized API calls, reducing page load time by **30%**.
- Deployed on Vercel, achieving **99% uptime** with smooth frontend–backend performance.

HUGS (Healthcare Utility & Guidance System), Node, Express, PostgreSQL, React, Razorpay, Authentication
- Built a healthcare booking platform supporting **50+ patients** with secure appointment scheduling.
- Integrated **Razorpay payments**, processing **₹500+ in test transactions**.
- Designed patient and doctor dashboards, reducing scheduling time by **40%**.

Gran Turismo, HTML, CSS (Bootstrap), JavaScript
- Delivered a responsive showroom featuring 1**0+ luxury cars**, improving load speed by **20%**.
- Increased user engagement by adding interactive filters and booking features.

Note Space, React, Java Spring Boot, MySQL, Clerk Authentication
- Developed a full-stack notes app used by **50+ students**, enabling secure text and image storage.
- Implemented authentication with Clerk, achieving **100% login success rate** in testing.

SKILLS

Programming: JavaScript, TypeScript,Java

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Tools: Git, GitHub, Postman, Thunder Client

Soft Skills: Adaptable, Quick Learner, Analytical Thinking, Problem-Solving, Time Management, Communication,
Team Collaboration, Agile Mindset

Frontend: React.js, Redux, Context API, HTML, CSS, Bootstrap, Tailwind CSS

Databases: MongoDB, PostgreSQL, MySQL, SQL

Cloud & Deployment: AWS, Render, Vercel, Netlify

Languages: English, Tamil, Malayalam

CERTIFICATIONS

Full Stack Development – MERN (Techolas Technologies)
